

Nova Associates

Nova associate is the web application design to sell house plans for customers, who want to build houses but failing to have a nice plan for they're houses. This web application it's when it gets in because in this Nova Associates web app, you can look for your dream house plan if you cannot find your dream house plan then you can email us so you can describe your plan to us and we will make it for you. Nova Associate can manage the online payment and can do more.

Team who developed Nova Associate and handle the functions:

Philani Syabonga Vundla: Front End Developer Mncedisi
Mthembu :Back End Developer

I was doing backend development, handling all functionalities including MySQL(Database) of Nova Associate web app. I believe that we did a great job for this web app lot of people loved it. When we were presenting it to them include FEED.

Resource used for Nova Associate Web App are:

We used :> PHP, JavaScript, MySQL, HTML (Home Page), CSS, Bootstrap

Server:>Apache

Open Source Software:> XAMPP Control Panel
